

GENERAL DIMOND LAID AT REST.

Civic and Military Parade at
Funeral.

FLORAL DECORATIONS SUPERB.

Honors to the Distinguished Citizen.
General Warfield in Procession.
Salutes Fired at Fort Point—Very
Large Crowd Attend the Services.

The funeral of the late Major-General William H. Dimond took place in San Francisco on June 24th from the First Presbyterian Church, the remains being escorted and laid at rest with the pomp due his rank in Laurel Hill Cemetery.

As early as noon Van Ness avenue from California to Clay streets was crowded with people, and it was almost a physical impossibility for any more people to gain admission to the church after the body arrived.

The chancel was hidden from view by floral tributes. The general staff sent a pillar of sweet peas over two feet in height. The Third Brigade, N.G.C., sent an immense shield of vari-colored pinks. George H. Thomas Post, G. A. R., sent a broken wheel of lilies and roses. The private offerings required three wagons to convey them to the grave.

The weighty metallic casket, draped with the American flag, was carried into church by six stalwart sergeants of the Third Brigade. Preceding it were Rev. Dr. McKenzie and Rev. E. H. Jenks, assistant pastor of the church.

The honorary pall-bearers representing military, social, civic and other organizations in which deceased was most prominent, were as follows: Major-General Walter Turnbull, retired officers of N. G. C.; Brigadier-General M. W. Muller, commanding division; Colonel F. S. Chadbourne, Governor's staff; Colonel A. E. Castle, division staff; Lieutenant-Colonel B. H. Peppy, division staff; Major Hansen, Second Brigade staff; T. H. Goodman, G. A. R.; C. Wilson, Colonel W. Edwards, Golden Gate Commanders, Knights Templar; A. Cheesborough, United States Judge Morrow, H. G. Platt, W. F. Good; Acting Major C. L. Taylor, H. T. Scott, Chamber of Commerce; E. W. Hopkins, F. W. Zelle, C. R. Bishop, Ignatz Steinhart, W. W. Montague, Board of Trade; Colonel A. D. Cutter, George H. Thomas Post, G. A. R.; E. F. Deiger, Occidental Lodge, F. and A. M., and J. Nield, A. O. U. W.

The immediate mourners, Mrs. Jarboe and Mrs. J. Tobin, both daughters of the deceased, his two sons, Harry and Edward, and his son-in-law, Joseph Tobin, followed the casket.

After prayers by Rev. Dr. McKenzie, who officiated, and the regular services that reverend gentleman said: "Words of eulogy can be fittingly spoken on an occasion like this, but a request is made that they be short and few. While we all know that on an occasion like this there is a certain right of the public community to invade the privacy of the domestic home, I will accede to the request in so much as a brief eulogy is concerned."

"It is not always words that express the most. There is more than words can express as a eulogy over the remains of our departed friend in the presence here today of the business men and leaders in every honorable path of life. The body of citizens, leaving their places of business at midday to pay their respects to the deceased, by their silence and sorrow eulogize the dead more than they could in words."

At the conclusion of the church services the funeral cortege left the church and was preceded down Van Ness avenue to the cemetery by the Third Brigade Band playing Chopin's Marche Funebre. The entire brigade followed. Then came Colonel Burns at the head of the Veteran Guards, G. A. R. Corps of muffled drums slowly rolled their sorrowful music at the head of the Naval Battalion. Captain Douglass headed the Veteran Firemen.

The casket, draped with the American flag, rested on the truck of a gun-carriage hauled by six horses. General Dimond's unmounted steed, draped in black, followed the remains of his late master. Further back came private carriages reaching far in the rear.

At the end of Bush street General Warfield ordered the military to form in line. Captain J. Cunningham's Company K, the special escort, fired three volleys as the casket was lowered into the grave.

During the obsequies the soldiers at Fort Point fired a salute of thirteen guns intervals of ten seconds.

Bananas as Food.

William C. Ussery, M. D., of St. Louis, says that the best food for those suffering from typhoid fever is the banana. In this disease, he explains, the lining membrane of the small intestines becomes intensely inflamed and engorged. Eventually it begins sloughing away in spots, leaving well defined ulcers. At these places the intestinal walls become dangerously thin. A solid food, if taken into the stomach, is likely to produce perforation of the intestines, and dire results will follow. Therefore solid

foods or foods containing a large quantity of nutritious substances are dangerous and are to be avoided. The banana, although it may be classed as a solid food, containing as it does 95 per cent of nutrition, does not possess sufficient waste to irritate these sore spots. Nearly the whole amount taken into the stomach is absorbed, and gives the patient more strength than can be obtained from other food.

NAT GOODWIN, ACTOR.

Was a Passenger on Alameda.
Seeing the Sights.

Nat C. Goodwin, who is perhaps the greatest comedian in the United States, next to Joseph Jefferson, was a passenger on the Alameda, en route to the Colonies, where, with his company of twenty people, he will give performances.

Mr. Goodwin's success in the United States has been phenomenal, and he goes to the antipodes for another world to conquer. It is to be regretted that arrangements could not have been made for a performance here, but Mr. Goodwin preferred to see the sights. It is possible the company will return to the United States via Honolulu, in which case the company will act.

In Mr. Goodwin's company is Miss Emily Melville, the well known singer. This was a surprise to many of her friends, as Miss Melville's triumphs and work heretofore have been in opera. She has, however, always best liked and been most successful in those operatic characters which were good acting parts. Miss Melville made her debut as an amateur in "Pinafore." She stepped into the professional ranks in the same opera. Afterward she took the place of Clara Louise Kellogg and sang in "Madame Favart," "The Royal Midway" and other operas.

About thirteen years ago she went to Australia, and since then has been in nearly all parts of the world. She was for some time in South Africa and established an academy in Johannesburg. She returned to California last September, arriving there from London after a continental operatic tour.

MR. PANGBORN'S RECORD

Helped to Nominate Abraham Lincoln
in 1860.

One of the Men to Form the Republican
Party—Has Made Addresses
for Years.

The public attending the literary exercises at Independence Park on Saturday will have an opportunity to listen to a speech by one of the organizers of the Republican party, Z. K. Pangborn, of Jersey City. Besides this he was one of the men whose vote was cast in the convention for the immortal Lincoln in 1860. Mr. Pangborn has been making speeches on Fourth of July celebrations for more than twenty years, but he has never found it necessary to introduce politics into his subject. When it is known that he was one of the men who nominated President Lincoln, the interest in his remarks will be increased.

In appearance Mr. Pangborn is a triple below the average in height and closely resembles Charles A. Dana, of the New York Sun. He is the President and Manager of the Jersey City Printing Works, a Company that does the third largest business in the United States, turning out a half million sheets a day and employing three hundred men.

Last January, after forty-five years as editor, Mr. Pangborn sold his interest in the Jersey City Times and put all of his energies to his printing works. A few months ago, with his wife, he decided to go through the West and visit Hawaii. The invitation to address the people tomorrow was as unexpected as it was pleasant to him and those who know the distinguished gentleman as a writer and speaker. His remarks generally are a combination of good sound sense with a little humor thrown in. The committee was fortunate in securing the gentleman on the occasion of the celebration of the independence of the country.

To commemorate her birthday Miss Mae Weir gave a reception to about thirty of her friends at the Myrtle Boat House on Monday evening. There was elegant music for the occasion, and the boathouse was brilliantly illuminated. The dance program contained fourteen numbers and several extras.

The following ladies and gentlemen did honor to the young lady:

THEACHERS' MEETING.

The Tonic Sol Fa at Lihue Meets
With Success.

Some Good Results of Earnest Teaching—Violin Playing That
Was Appreciated.

LIHUE (Kauai), June 30.—On Saturday evening, the 20th, there was held at the Lihue Native Church a most enjoyable concert, the object of the entertainment being to show the parents of the school children and other visitors what could be done by the use of the Tonic Sol Fa system.

The chief promoter of the concert was J. B. Alexander, the efficient principle of the Lihue Government School, who was ably assisted by Mrs. Alexander and Mrs. Lindemann.

The best feature of interest was the really remarkable part singing of the school children, who rendered some of the most difficult songs in a very pleasing manner. The parts throughout were well sustained and everyone was astonished at the well modulated voices, which seemed to be under the perfect control of Mr. Alexander, who acted as conductor throughout the concert.

Mention must not be omitted of the brilliant violin playing of Mr. Constable, whose performance was a treat and a revelation to most of the audience. By special request, Mr. Constable was kind enough to give the audience another treat in the second part, which was much appreciated.

The financial results of the concert were very satisfactory, and with the amount collected it is intended to start the nucleus of a school library. Mr. Alexander is to be most heartily congratulated on the success of his undertaking. Following is the program:

TROVATORE OR BUST.

Mrs. Montague Turner Denies That
the Opera is Withdrawn.

In the Star yesterday there appeared an item to the effect that Mrs. Turner had decided to abandon her intention to produce "Il Trovatore" at the opening of the Opera House. The statement is without foundation.

Mrs. Turner stated last night that the item was published without any authority from her, and that instead of the opera being abandoned the members of the company are working very hard every day under her direction. The opera will be produced in September.

Arriving at the station they were met by Judge Widemann, who conducted them to every place of interest on the plantation, visiting the mill, the fields and the extensive pumping plant. On returning to the station a bountiful dinner was had and afterwards Judge Widemann provided carriages and the guests were driven to places of interest where the plantation railway did not go.

Afterward the guests went by special train to Ewa and visited the mill there. Later a visit to the peninsula was made, and when the vast improvements had been examined the party returned to town. A delicious cold lunch was served in Mr. Dillingham's private car.

MARINE TROUBLES.

Captain J. Anderson of the Oceania
Vance Asked for His Resignation.

New Master Arrived by the Alameda
Yesterday and Will Assume
Command Immediately.

There have been some very queer goings on aboard the American schooner Oceania Vance, which arrived recently from Newcastle, and the result of the whole matter is that Captain Anderson is now looking for a job on another vessel, and Captain Dart, who arrived from San Francisco by the Alameda yesterday, has been put in possession of all the ship's papers and will assume control immediately.

The primary cause for relieving Captain Anderson of command of the Oceania Vance was some trouble in regard to coal, and the secondary cause that he brought certain women to this port from Newcastle. Wilder & Co., who are agents for the schooner, have considered the matter well and are sure that the course they are pursuing is a good one.

It was learned that orders had come from the captain yesterday that the first officer should sever his connection with the vessel. The agents sent word to the first officer that he finish up the day's work. It is very probable that he will continue in his present position.

Captain Dart, the new master, went aboard the schooner yesterday and had a good look at her.

CHANGES AMONG GOVERNMENT MEN.

John Cassidy Made Superintendent
of Electric Lights.

FRED WATERHOUSE IN BUSINESS.

Retires From Government Service.
Partner in Large Firm—Mr. Cassidy's Long Service With Telephone
Companies—Has Studied Electricity.

Changes unexpected by the public took place in the Government Electric Light management and Mutual Telephone Company yesterday. Fred Waterhouse resigned his position at the station and is succeeded by John Cassidy, who for years has been at the head of the telephone business in Honolulu.

The position is not a new one to Mr. Cassidy, as he filled it acceptably for several years prior to the economical streak of the Legislature, which reduced the salary and put a clause in the appropriation item providing that the person should devote his entire time to the performance of the duties. When the bill was signed Mr. Cassidy promptly tendered his resignation and Fred Waterhouse was appointed to the position. Since then Mr. Cassidy has devoted all of his time to the Mutual Telephone Co.

Mr. Waterhouse takes a position as a member of the firm of J. T. Waterhouse, with his brothers John, Ernest and George.

Mr. Cassidy has been in the telephone business here almost since it started. He was Superintendent of the old Bell Company during its existence, and when the consolidation with the Mutual Company took place he was made manager and has conducted the business satisfactorily.

He resigns a good paying position for one with less salary, for the reason that he is more deeply interested in the study of electric lighting and with but that on his mind and to occupy his time he proposes to give Honolulu the best system of electric lighting possible. Unless there should be objections from the Government it is probable he will have the lights burn a greater number of nights in the month than has been the custom. Complaints have been frequent regarding the lights being put out on supposedly moonlight nights, but when the clouds effectually obscured the moon. Whenever it is possible in the future he will have the lights burn on moonlight nights when the clouds are thick.

A meeting of the directors of the telephone company will be held today if Mr. Irwin is in the city, and a successor to Mr. Cassidy will be appointed.

"GIVE US A LAMP."

So Say the People Engaged at the
Boat Landing.

Present State of Affairs is Positively
Dangerous—Some One Might
Bark His Shins.

Complaint comes from the boat landing near Brewer & Co.'s wharf regarding lights, or rather absence of lights, at that place. The matter has often been spoken of before and the danger sufficiently emphasized, but no attention whatever has been paid to it.

It was again called forcibly to mind by an incident Wednesday night. Several officers of the Zaragoza were walking down to the landing to take a boat to go aboard their ship. They arrived at the landing and, being strangers, kept on walking until they arrived at the steps. One or two fell over, but fortunately were not precipitated into the water.

The cause of the mishap is just here: After walking down under the rays of a brilliant electric light at the turn, they were met with the darkness rendered totally so by the contrast.

Even one little insignificant kerosene oil lamp suspended from a rafter of the landing shed would be a blessing and perhaps prevent accidents that may be dangerous.

LOWERING THE RECORD.

Alex. McDonnell Makes a Mile on
a Viking in 2:17.

Alex. B. McDonnell, the world's champion road bicyclist, accompanied by his manager, H. G. Kahlo, passed through on the Alameda yesterday. Mr. McDonnell is called the "Unpaced King" in the United States from the fact that he has made all of his records without being paced. His five-mile time is 8:41; 25 miles, 51:55; 50 miles, in 2 hours, 2 minutes and 19 seconds, and 100 miles in 4:40:09. The five mile record exceeds anything made on a bicycle by any rider in the world.

During his short stay Mr. McDonnell, joined by the local riders, went to Kapiolani Park for the purpose of making an effort to lower the mile record. It was arranged that Dexter and Angus should pace McDonnell for a half mile, they to ride a tandem while he would ride a Viking. The pace was all right for an eighth of a mile, but at the end of a quarter the boys gave out under the fast riding and gave up, and Mr.

McDonnell took the start alone and finished the mile in 2:17, lowering the record here twelve seconds. After the trial the boys adjourned to a watermelon patch in the neighborhood and feasted on the fruit.

Messrs. McDonnell and Kahlo will remain in Australia for about eighteen months and then continue around the world.

LOCAL BREVITIES.

The Amy Turner will sail from New York about September 1.

The opera house front presents a very much improved appearance since the stucco has been placed and the portico erected.

Rev. Sereno Bishop fell from his horse yesterday and broke his collar bone. Dr. Miner is attending the reverend gentleman.

W. H. Cornwell, Jr., and his sister, Miss Blanche Cornwell, arrived home by the Alameda yesterday afternoon. Both have enjoyed their stay in the States.

Captain Whitney, the reliable night watchman at the pilot's office, on the Pacific Mail wharf, was given notice that on Tuesday, June 30th, his services would no longer be required, since there was no provision in the Appropriation bill for the salary of a night watchman.
